

POCKET CO2

AIR QUALITY MONITOR

Pocket Montor helps you to track real-time CO2 levels wherever you go indoor & outdoor. Our pocket sized monitor is the slimmest and handy device that you can easily fit into your pocket.

“Know what you breathe”

Prana Air

Introduction

PureLogic Labs is our venture which was founded in 2017 wherein we render personalized solutions to innovative ideas for discrete environmental problems. The company came into existence to increase awareness about the growing levels of air pollution which have reached an alarming stage in India.

We have two separate divisions which come under Pure Logic Labs, that is **AQI** and **Prana Air**.

Introducing

Pocket CO2 Monitor

Use Prana Air Pocket CO2 Monitor in order to know the CO2 levels around you. The pocket-sized CO2 monitoring device is handy and easy to carry around.

It helps you understand the level of Carbon Dioxide of your location. Works as both – real-time indoor and outdoor CO2 monitoring sensor; the LCD display shows you CO2 reading indicating if the air is safe or not.

Pocket CO2

Qualitative Features

An intelligent pocket-friendly monitor to keep a tab over the air you breathe.
